

Design Internship

The Position

ProExhibits is in hot pursuit of an exceptionally creative 3D designer to join our Silicon Valley design and build company. We're looking for the right creative thinker who has a natural ability to extract a 3D story telling experience from a BRAND.

ProExhibits offers a fast paced fun work environment with an incredibly diverse range of design problems to solve. You'll enjoy an executive sales team who appreciates your design thinking. Best of all you'll get to see the design process in action as you watch your designs get built right in front of you.

Need to Have:

- Knowledge of Photoshop, Illustrator, and Adobe CC to create client-pleasing presentations
- Experience in 3D Studio Max

Knowledge of:

- Has exceptional 3D design and rendering skills
- Enjoys presenting and engaging direct with clients
- Learns quickly on the job
- Quickly sketches thought processes and ideas
- Studies and acts on current design trends
- Understands revision and value engineering are a natural part of the design process

Benefits:

- Gain Professional experience managing projects and balancing multiple priorities
- Experience working on nationally recognized brands
- Work within a high-functioning and inspiring workplace atmosphere
- Learns the big picture as designs are transformed and built in the same building

Application Process and Commitment:

- Resume and portfolio/sample of your work to recruiter@proexhibits.com
- Four-six month commitment
- 15-20 hours/week, flexible schedule
- Paid internship
- Onsite Gym and recreation room
